### Awesome Friendly ADVENTURE

By Jeff Kinney

Summary: Snow in the middle of summer? This is by the same author and illustrator as The Wimpy Kid books. In this story, Roland and his best friend Garg the Barbarian/Greg leave the safety of their village and embark on a quest to save Roland's mum from the White Warlock. Set in the olden days, the excellent illustrations help to explain the story. Roland writes this story in this book.

#### Main characters:

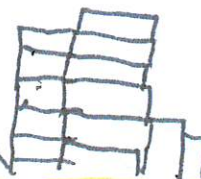

Roland – worries quite a lot, is scared of monsters but is excited about his first adventure.

Garg the Barbarian/Greg – Roland's sidekick, likes smashing things, works out in his garage, doesn't read books.

My opinion: I thought that this was a good book because I like adventure stories. I liked how Greg illustrated parts of the story with characters and toys because it helped to explain what was going on. If you like books by Tom Gates or Diary of a Wimpy Kids stories, then I think you'll enjoy reading this. Another book you'd like is A Diary of an Awesome Friendly Kid.
