

My name is Zane and my favourite book is Buny vs monkey because this was the first time they all met they didn't know each other but this book is perfect for Dog Man readers but it's longer. My final reason you should read this book is wonder and adventure is they are filled with laughs really dumb moments and because they create chaos. Now I think my whole class should read this because most of them like the Buny vs Monkey Series. I would rate the book a 4 and a half.
