

Sports Premium Funding at The British School

At **The British School**, we are committed to ensuring that the Government's Sports Premium Funding is used effectively to strengthen the quality, breadth and long-term impact of Physical Education and school sport for all pupils.

The Sports Premium provides targeted investment to help schools improve PE provision, increase participation in sport and foster healthy, active lifestyles. We use this funding strategically to create lasting, high-quality improvements that benefit current and future pupils.

Our Vision for PE & Sport:

We aim to provide every child with high-quality physical education, varied sporting opportunities and the knowledge and enthusiasm to lead active, healthy lives. Our use of the Sports Premium aligns with our school values and supports our whole-school improvement priorities.

How We Ensure Effective Use of Sports Funding:

We carry out regular and comprehensive audits of our provision to identify strengths, areas for development and opportunities for sustainable improvement. This process includes:

Reviewing Curriculum & Teaching:

- Assessing staff confidence and competence in teaching PE.
- Providing high-quality professional development and coaching for staff.
- Reviewing and adapting our scheme of work to ensure progression, challenge and alignment with school priorities.

Monitoring Pupil Outcomes:

- Tracking pupils' attainment and progress across all year groups.
- Analysing engagement levels across different groups of pupils, including SEND and disadvantaged pupils.

Improving Participation:

- Monitoring participation in extra-curricular sports clubs.
- Tracking involvement in inter-school competitions and festivals.
- Increasing opportunities for both competitive and non-competitive sport.

Strengthening Community & External Links:

- Building partnerships with local sports organisations and clubs.
- Bringing specialist coaches and instructors into school to broaden experiences.

Listening to Pupil Voice:

- Conducting pupil conferencing to understand pupils' experiences, preferences and suggestions.
- Embedding pupil feedback into planning and provision.

Ensuring High-Quality Resources:

- Auditing PE equipment to ensure it is safe, inclusive and fit for purpose.
- Updating and expanding resources to enable a wide variety of activities.

Ensuring Best Practice and Long-Term Impact:

To maximise the impact of the Sports Premium, we regularly explore national best practice in primary PE and sport. Funding is used to create **sustainable improvements**, including:

- Upskilling staff to ensure long-lasting enhancement of teaching.
- Investing in resources that will benefit future cohorts.
- Embedding structures and systems that promote active lifestyles school-wide.

The PE Subject Leader develops an **annual PE and Sports Action Plan**, which outlines:

- Key priorities for the year.
- Planned actions and investment.
- Success criteria.
- How impact will be measured.

This ensures that our use of funding is strategic, accountable and fully aligned with school development priorities.

Accountability & Impact:

We are committed to transparency and meeting all statutory reporting requirements.

Each year, we publish:

- A breakdown of how the Sports Premium has been spent.
- The impact on pupils' PE and sport participation and attainment.
- The sustainability of improvements made.

These reports are available to parents, governors and the wider community.
